

Application No. 10/334,608  
Amendment dated May 15, 2004  
Reply to Office Action of January 15, 2004

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

5

Claims 1-47 (Cancelled).

48. (New): A system for determining a performance-indicating statistic for a goal based sports game, said sports game involving time, comprising:
- 10 means for storing at least one sports game box score, said at least one box score representing a performance in said sports game;
- means for determining intermediate data related to said sports game from said at least one stored box score, said intermediate data comprising at least accrued time and any goal scored;
- 15 means for calculating said performance-indicating statistic, which indicates a measure of performance of said sports game, from said intermediate data;
- means for presenting said calculated performance-indicating statistic.

- 20 49. (New): A method for determining a performance-indicating statistic for a goal based sports game, said sports game involving time, comprising:

Application No. 10/334,608  
Amendment dated May 15, 2004  
Reply to Office Action of January 15, 2004

storing at least one sports game box score, said at least one box score representing  
a performance in said sports game;

determining intermediate data related to said sports game from said at least one  
stored box score, said intermediate data comprising at least accrued time and any  
5 goal scored;

calculating said performance-indicating statistic, which indicates a measure of  
performance of said sports game, from said intermediate data;

presenting said calculated performance-indicating statistic.

10

50. (New): A computer readable medium containing computer executable  
instructions for causing one or more computers, for determining a performance-  
indicating statistic for a goal based sports game, said sports game involving time,  
to:

15 store at least one sports game box score, said at least one box score representing a  
performance in said sports game;

determine intermediate data related to said sports game from said at least one  
stored box score, said intermediate data comprising at least accrued time and any  
goal scored;

20 calculate said performance-indicating statistic, which indicates a measure of  
performance of said sports game, from said intermediate data;  
present said calculated performance-indicating statistic.

Application No. 10/334,608  
Amendment dated May 15, 2004  
Reply to Office Action of January 15, 2004

51. (New): An apparatus for determining a performance-indicating statistic for a goal  
based sports game, said sports game involving time, comprising:  
5 a storer storing at least one sports game box score, said at least one box score  
representing a performance in said sports game;  
a determiner determining intermediate data related to said sports game from said  
at least one stored box score, said intermediate data comprising at least accrued  
time and any goal scored;  
10 a calculator calculating said performance-indicating statistic, which indicates a  
measure of performance of said sports game, from said intermediate data;  
a presenter presenting said calculated performance-indicating statistic.
